OFFICE OF THE PRIVATE SECRETARY TO HIS EXCELLENCY THE GOVERNOR OF MADRAS.

Admission to the Prince of Wales's Royal Indian Military College, Dehra Dun.

Government House, Guindy, the 8th March 1941.

No. 6.

In connex on with the admission of candidates to the Prince of Wales's Royal Indian Military College, Dehra Dun, the following information is published for the use of intending candidates.—

(1) The College provides a public school education on English lines for Indian and Anglo-Indian youths who desire subsequently to enter a cadet college with a view to obtaining commissions in the Indian Land Forces, the Indian Air Force of the Royal Indian Navy, and making men of these services their profession in life. The course of study at the College will, however, be such that should a boy fail in the competitive examination for admission to a cadet college or for entry in the Royal Indian Navy, he will be in as favourable a position for entry to a university as if he had been educated at an ordinary school.

(2) Candidates will be selected from unmarried Indian and Anglo-Indian boys of—

(a) Provinces of British India.

(b) Indian States.

(3) Candidates must have attained the age of eleven years and be under twelve years on the 1st August 1941.

(4) Candidates should attach to their applications a medical certificate from the Officer Commanding a British or Indian Station Hospital or a Civil Surgeon to the effect that they are physically fit in all respects in accordance with Appendix A to this notification.

(5) The fees of students are Rs. 1,500 for each school year. This is a privileged rate and is liable to enhancement hereafter, if circumstances require. Any enhancement of fees that may hereafter be decided upon will, however, be applied to new entrants only. These fees will include tuition, messing, school servants and medical attendance of the ordinary kind, and uniform of the pattern laid down for wear by students when at the college. Charges on account of washing of cadets' clothing and mending their clothing, boots and shoes, as well as the cost of books and stationery (which will be supplied by the college) over and above the Government grant for this purpose will be met by the parents or guardians of the cadets.

In addition to the fees referred to above, the parent or guardian of a cadet will be required to deposit with the college authorities on his entering the college, the sum of Rs. 50 which will be returned when the cadet finally leaves the college provided that all dues have been paid.

Should it be necessary for cadets to be admitted into a hospital (other than the college hospital), or to provide additional nursing sisters for the treatment of cadets in the college hospital, all charges incurred will be borne by the parents or guardians of the cadets.

A full term's notice is required to be given of intention to withdraw a cadet from the college. In the event of such notice not being given, the parent or guardian will be required to pay one full term's fees in lieu, unless it is considered that the circumstances in which the cadet was withdrawn are such as to call for special consideration (in this point final decision will rest with the Government of India). In cases where notice of withdrawal is given in the first half of the term preceding the term from which the cadet is to be withdrawn, the recovery of a full term's fees in lieu may be waived at the discretion of the Government of India.

(6) Remission of fees will be granted in August each year to the sons of Indian Officers or men who have served in the regular army, where the services and financial circumstances of the father warrant it. Such remissions are limited to Rs. 600 per annum to any one cadet and are granted for a year at a time, after which they are renewed.

(7) A scholarship of the value of Rs. 1,185 will be available during 1941-42 and will be granted in accordance with the rules issued in G.O. No. 1039, Public (Political), dated 22nd May 1940.

(8) Parents or guardians of candidates for admission to the college, at the time of the submission of the application, will furnish signed declarations (in duplicate) in the following form:—

"I, , father of guardian of , a candidate for admission to the Prince of Wales's Royal Indian Military College, Dehra Dun, declare that it is my desire that my son ward should make the Indian Army, Air Force or Royal Indian Navy his profession in life.

I further declare that I have made myself acquainted with the fees payable at the Prince of Wales's Royal Indian Military College, and subsequently, at the Indian Military Academy, Dehra Dun (viz., Rs. 3,550 for a course of 2½ years); and at the Royal Air Force College Cranwell (viz., £286-8 for a course of 3 years), and expenditure to be incurred in connexion with the training of cadets for appointment as commissioned officers of the Royal Indian Navy (viz., £270 in the case of the Executive Branch and £515 for the Engineer Branch); and that I am able and willing to pay the prescribed fees and meet the expenditure in the case of the Royal Indian Navy, as also the incidental expenses.

I declare also that—

(a) if my son ward withdraws from the Prince of Wales's Royal Indian Military College before appearing at an examination for admission to the Indian Military Academy, the Royal Air Force College, Cranwell, or the Royal Indian Navy,

or

(b) if, having been declared successful at one of the examinations mentioned in (a) above, does not proceed to one of the institutions with the intention of adopting the Indian Army, Indian Air Force or Royal Indian Navy as his profession, for reasons within his control or mine (on which points final decision will rest with the Government of India), I shall be required to pay the full cost (Rs. 2,700 per annum) which Government may have incurred on his education at the Prince of Wales's Royal Indian Military College.

Fort St. George, April 7, 1941 (G.O. No. 988, L.-A.)

No. 439.

In exercise of the powers conferred by sub-section (2) of section 73-A of the Madras District Municipalities Act, 1920 (Madras Act V of 1920) and by sub-section (2) of section 70-A of the Madras Local Boards Act, 1920 (Madras Act XIV of 1920), His Excellency the Governor of Madras is hereby pleased to issue the following general directions regarding the payment of leave-salary, etc., of officers and servants of a municipal council transferred to the service of another municipal council or of a local board under sub-section (1) of the said section 73-A and of officers and servants of a local board transferred to the service of another local board or of a municipal council under sub-section (1) of the said section 70-A.

General directions relating to the payment of leave-salary, etc., of officers and servants who are transferred from the service of one local body to that of another.

1. In these directions unless there is anything repugnant in the subject or context—

(*a*) 'local body' means a municipal council or a local board; and

(*b*) 'executive authority' means the executive authority of a municipal council or the president of a local board.

2. Every officer or servant of a local body who is transferred from the service of the local body to the service of another local body shall, on transfer, be entitled to transit pay and travelling allowance on the scale and at the rate admissible under the Fundamental Rules and the Madras Travelling Allowance Rules, respectively. The transit pay and travelling allowance shall be met from the funds of the local body to which the officer or servant is transferred. He may also be granted an advance of one month's pay and travelling allowance by the authority ordering the transfer. Such advance shall, in the first instance, be met from the funds of the local body from which he is transferred and subsequently be recovered from the local body to which he is transferred.

3. When an officer or servant of a local body is transferred to another local body the executive authority of the local body from the service of which such officer or servant is transferred shall forward to the executive authority of the local body to the service of which he is transferred, his service book, leave account and personal file in original.

4. The seniority of an officer or servant in a category of the establishment of the local body to the service of which he is transferred shall be determined by the date of his confirmation in a post in that category in the establishment of the local body from

the service of which he is transferred. Cases of doubt shall be referred to the Inspector of Municipal Councils and Local Boards whose decision shall be final.

5. When an officer or servant of a local body is transferred to the service of another local body, the local body from the service of which he is transferred shall be liable to pay the leave-salary for such periods and at such rates as he was eligible for at the time of transfer. The amount of leave, the rate of leave-salary and the total amount of leave-salary for which the local body from the service of which the officer or servant is transferred, is liable, shall be determined at the time of transfer and entered in the service book of the officer or servant. The amount of leave-salary recovered from each local body from time to time shall similarly be entered in the service book. The gratuity, if any, payable to an officer or servant in respect of his service not qualifying for pension or provident fund shall be settled by the local bodies concerned with reference to the rules in force at the time of transfer.

6 (i) The executive authority of the local body to the service of which an officer or servant of another local body is transferred, may grant the officer or servant any leave and leave-salary admissible to him according to the service regulations adopted by the local body to the service of which he is transferred subject to the condition that the local body from the service of which he was transferred shall not be made liable either for a longer period of leave or for a larger amount of leave-salary than that due under direction 5.

(ii) The difference if any, that may be required to make up the leave-salary due to the officer or servant shall be met from the funds of the local body under which he is serving.

7. The local body from the funds of which the leave salary of the officer or servant is met in the first instance shall arrange to recover from the local body concerned the amount of leave salary which the latter is liable to pay under direction 5 provided that the leave-salary in respect of any leave taken after the date of the transfer shall be charged to the local body under which he is serving until the entire leave earned by service under that local body after his transfer, has been exhausted. If in the case of an officer or servant who had served under two or more local bodies prior to his transfer to the local body under which he is serving, the amount of leave-salary, which the local body under which he is serving is liable to pay, has been exhausted, the leave-salary shall be charged to the local body under which he had previously served in the inverse of the order of employment by which the leave was earned.

14 Copygraph Duplicator.
15 Standard Model No. 7, Duplicator.

15. The knowledge of the duplicating machines mentioned above with regard to the cutting of stencil and the taking of copies on them will be demanded of candidates with effect from the examination of January 1935. They are, therefore, warned to pay adequate attention to this part of the syllabus. Candidates are expected to bring with them when they attend the Oral and Practical examinations, any one of the above duplicating machines in addition to the particular kind of typewriter which they used while answering the written test.

16. *Seats and accommodation for the candidates.*—(a) Candidates will be permitted to bring with them for their use at the examination hall their own tables, chairs or stools, if they choose; provided they take care to see that by so doing, they do not give room to the slightest disturbance being caused in the examination hall.

(3) The candidates will be allowed to take their seats in the examination hall five minutes before the appointed hour for giving out the question paper and supplied with the octavo size paper for answering and get their roll nos. ready for work such paper inscribed on them as to have them register numbers at the left hand corner of their answer papers and the particular kind of Typewriter they use at the right hand corner, typed before the question paper is given to them.

17. Candidates are strictly told not to write anything on the question paper itself. Calculations of any other points they wish to note must be written on one of the blank sheets supplied to them and such sheets including the carbon papers should be left on the table. Further, candidates are strictly warned not to take outside copies more than what is required of them in the question paper.

18. The candidates will, if necessary, be examined in batches but at least every *four* candidates for the Lower Grade, at least every two candidates for the Higher grade, must have one magistrate among them.

19. Managers and Instructors of institutions concerned are expected to see that their pupils are supplied with Typewriting machines in proper working order.

20. Managers and Instructors will be allowed into the examination hall in the intervals between the various batches to inspect the machines and to remedy any defects. They should take care to see that they do not remain in the examination hall while the question paper is being distributed to the candidates in the examination hall or while these pupils are answering the question papers.

21. If, however, a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate this to the Manager or Instructor if he is waiting outside on the premises, and will permit such Manager or Instructor to enter the hall (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex parte*, the whole responsibility resting on the candidate and the Manager or Instructor.

22. A similar concession will be allowed in the case of a private candidate, if he has some one outside who is willing to inspect the machine and put it right, *etc.*

23. *No extra time will be given to candidates to compensate for loss of time while the machine is out of order and is being put right.*

At Madras.

Typewriting (English) only.

25. Lower Grade—Candidate's Hall Ticket.—Tickets of admission specifying the particular batch (first or second and so forth in which the candidates elect to appear) will be issued on Thursday, 22nd April 1941, between 11 a.m. and 5 p.m. at the Office of the Commissioner for Government Examinations, Old College, Nungambakam. These tickets should be shown at the entrance to the examination hall. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only if spare seats are available in the hall, *i.e.*, after seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance to the examination hall from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined are particularly requested to call at the office on the day and date specified above with all the necessary information as to the number and name of candidates that will attend at the particular batch on the day fixed for the examination and obtain tickets of admission accordingly. *No tickets can on any account be sent by post whether to heads of institutions or to private candidates.*

26. Candidates that have such a separate machine and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Lower grade. But this does not preclude them from registering their names for that batch and obtaining tickets accordingly.

27. Candidates for the *Higher grade* may appear for the first or second batch at their option and no *tickets accordingly are issued for this grade.*

28. Instructor's Hall Ticket.—Managers or Instructors of institutions and other persons who wish to be allowed into the examination hall in the intervals between the examinations of the various batches to inspect the machines and remedy any defects, are requested to call at the office on Tuesday, 22nd April 1941, and have their names registered. Tickets of admission specifying their names, the institutions to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

Attention is particularly drawn to the following rules.

29. 30. No candidate suffering from any contagious disease will be admitted to the examination hall.

31. With a view to prove their identity to the Chief Superintendent of the examination, candidates required to produce, on the first day of their appearance for the examination, an identification certificate from a responsible person, preferably a Government official. Candidates appearing from recognized or approved schools should also obtain a similar certificate from the head of the institution concerned.

The following form of identification certificate is prescribed:—

I. This is to certify that the bearer.....
son of ..... in ....
daughter
is known to me and that he is a bona fide candidate appearing for the Government Technical Examinations in ..... (subjects with grades have to be specified).

2. The signature of the candidate affixed below was taken in my presence.

Signature of the candidate.

Date.

Signature with designation or address.....

Date. .....

32. Candidates are requested to note carefully the particulars printed in the normal list and satisfy themselves whether they tally with those as given by them in their applications for admission to the examinations, so that any alteration with regard to their initials, their or class of community or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent.

33. *No candidate will, on any account, be allowed to take into the examination hall slates, books, or portion of a book, ruled sheets, manuscripts or papers of any kind.* Any candidate detected in the violation of this rule or detected in speaking to, or in any way communicating with or copying from each other and in communicating with any other person outside the examination hall or having recourse to any unfair practices will be sent out of the hall forthwith and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

34. Strict silence should be maintained in the examination hall.

35. Candidates are expected to take their seats in the examination hall at least five minutes before the time fixed for giving out the question papers. No candidate will be allowed to quit the examination hall on any day until the expiration of half an hour from the time fixed for the commencement of the examination and candidates arriving after the expiration of that half-hour will not be admitted.

36. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, nor to leave the hall without finally giving up his answer papers.

37. Candidates are forbidden to note down the answers to any questions in the question paper; they will not be allowed to take any papers, except their question papers, out of the examination hall.

38. Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All "spoilt" papers, etc., should be left on the desk where the candidate has been writing.

39. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instruction on this point in the examination hall from the Chief Superintendent of the examinations.

40. No candidate will be allowed to exceed the time assigned to each paper.

41. As soon as candidates have finished writing their answers and wish to give up all or answer papers, or at the end of the period prescribed for each particular part of the examination, each should rise from his seat and remain standing until one of the Superintendents has come up to him and has received his answer paper from him. Any candidate wishing to ask any question of the Superintendent will pursue the same course but will on no account leave his seat.

42. The answer papers should be stitched or pinned together at the upper left-hand corner, and the whole folded into two, lengthwise (not crosswise into four). The register number, the place of examination and also (in the case of the examinations in Shorthand, the particular system adopted) and (in the case of the examinations in Typewriting, the name and Model number of the Typewriter used) should be written out clearly by the candidates on the top right-hand side of the first page of the answer papers, as well as on the top of the paper after it is folded.

(*N.B.*—(1) Candidates are strictly forbidden to write on type their name as on the answer papers.

(2) Candidates should distinctly understand that failure to furnish even any one of those particulars may involve the rejection of taking their answer papers—particularly any stitched paper and applications—in candidate's register number and name of course will not be valued.]

43. Candidates whose names are not in the printed list furnished to the Chief Superintendent must submit a written declaration through the Chief Superintendent giving full particulars in regard to themselves including their address, and furnish such evidence as may be possible of their having applied for admission to the examinations at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

44. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

45. *Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is suspected of having had recourse to malpractice of any kind in connexion with the examination or whose answer papers contain objectionable matter, is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.*

46. Candidates are forbidden to communicate with the Examiners; should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

47. No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or in regard to the particular section or subdivision in which he may have failed. The names of successful candidates in each subject arranged in two classes, First and Second, will be published in the *Fort St. George Gazette*. The pass-list for each grade of a subject as published in the Gazette is complete and final. Applications from or on behalf of unsuccessful candidates asking for information as to the cause of failure or for a revaluation of the answer papers will not be attended to. No revaluation of answer papers is permissible.

BOARDING GRANTS BY THE LABOUR DEPARTMENT.

Boarding grants at Rs. 5 per mensem which may, in special circumstances, be raised up to a maximum of Rs. 8 a month are awarded by the Commissioner of Labour every year to pupils belonging to the communities eligible for help by the Labour Department studying in elementary and secondary school classes from Standard IV to Form III inclusive, or to pupils studying in industrial schools recognised by the Director of Industries and Commerce, Madras. The grants are also awarded to girl pupils admitted in Class III in primary departments of secondary schools provided they do not exceed the age-limits prescribed for pupils of Standard IV in elementary schools. The grants will ordinarily be tenable for a period of 10 months in the year from the 1st July 1941 but in exceptional circumstances the period may be raised. After making provision for renewal of the boarding grants sanctioned last year, a limited number will be available for award during 1941–42. The grants are not open to converts to Christianity except when they are members of Criminal Tribe Settlements. In the case of pupils belonging to criminal tribes, the applicants or their parents or guardians should be registered members of notified criminal tribes. A list of the communities eligible for help by the Labour Department is annexed.

2 (a) Applicants for boarding grants from Elementary and Secondary Schools should not exceed the following age-limits on the 1st July 1941:—

Class III	.. .. ..	13 years.
Class or Standard IV	.. ..	13 "
Do.	V	13 "
Do.	VI and Form I ..	14 "
Do.	VII and Form II ..	15 "
Do.	VIII and Form III ..	16 "

(b) Applicants for boarding grants from Industrial Schools should have passed Standard V as a Day School and should not have exceeded 20 years of age on the 1st July 1941.

3 Forms of application for the boarding grants awardable under this notification may be obtained from the Personal Assistant to the Commissioner of Labour, Post Box No. 429, Chepauk, Madras.

4 All applications for boarding grants should be sent in the prescribed form so as to reach the Commissioner of Labour before 15th July 1941. They should be forwarded by the head or manager of the school in which the pupil studied in 1940–41, through the head or manager of the school in which the pupil intends to study in 1941–42 and through the manager of the hostel or boarding home in which the pupil is staying or intends to stay. The poverty certificate appended to the application should be signed by a Gazetted Officer or by an officer of the Revenue Department not lower in rank than a Deputy Tahsildar or Sub-Magistrate or by a District Labour Officer or by an Inspector of Police.

5 Applications not submitted in the prescribed form or not accompanied by the poverty certificate and any application received after the due date are liable to be rejected summarily.

6. Boarding grants sanctioned by the Commissioner will be subject to the conditions specified in this notification and to such other conditions as may be laid down in the orders communicating the sanction of boarding grants. Any boarding grant falling vacant during the period for which it is tenable may be awarded for the remaining period to an eligible applicant. In all cases where boarding grants are sanctioned, intimation will be given to the heads of the schools concerned and the managers of the hostels or boarding homes in which the pupils are staying or intend to stay. Where the award of a boarding grant is refused no such intimation will be given nor will the Commissioner of Labour enter into any correspondence on the subject.

7 The boarding grants will be sanctioned only to pupils (a) living in hostels attached to the schools in which they study or (b) residing in hostels or boarding houses managed by private bodies and attending schools in the neighbourhood.

8. The boarding grants are open only to pupils of parents whose pecuniary circumstances are certified in the prescribed form to be such as to prevent them from prosecuting their studies without such assistance. Pupils whose parents or guardians live within a radius of five miles from the boarding house in which they reside and who have not been promoted to the next higher class or standard or form and have not secured marks above the pass average in all subjects in the last annual examination will not ordinarily be eligible for boarding grants. In the case of girl applicants residing in schools and staying in boarding houses in rural areas however, the rule regarding distance will be that their parents or guardians should live at a distance of two miles or more from the boarding houses.

9. Heads of schools may grant leave without diminution or loss of boarding grant for a period not exceeding one month to pupils who are absent in consequence of severe sickness, but if the leave exceeds this period, no boarding grant will be allowed for the excess period. Casual leave without diminution or loss of boarding grant may be granted for good and sufficient reasons for a period not exceeding fifteen days in the year, provided such leave does not immediately precede or succeed gazetted holidays. Under the above conditions, leave for the pupils in receipt of boarding grants in schools may be sanctioned by the heads of schools who shall then report it to the Commissioner. Such reports should be signed both by the heads of schools and by the managers of the boarding houses concerned.

10. Without the special sanction of the Commissioner, no pupil receiving a boarding grant under this notification shall be permitted to hold any other boarding grant provided wholly or partly by Government or from any other source. Such sanction will not be accorded except for very special reasons.

11. All boarding grants tenable under the above rules are liable to forfeiture for misconduct, irregularity or failure to make due progress or to secure annual promotion.

12. A boarding grant held in any class shall run from the beginning of the month in which the holder joins the class and shall not continue to be drawn after he ceases to attend it.

13. The boarding grants are payable in three instalments, the first instalment in July 1941 representing the grant due for the months of July to September 1941, the second instalment in October 1941, representing the grant due for the months of October to December 1941 and the third and last instalment in January 1942, representing the grants due for the months of January to April 1942. The boarding grants sanctioned in 1941-42 should all be drawn before the end of the official year, i.e., 31st March 1942, and any amount not so drawn cannot be drawn after the 31st March 1942 without a fresh sanction from the Commissioner of Labour.

14. The boarding grants will be drawn by the managers of the boarding homes concerned, but the boarding grant bills in which the claims are made should be signed also by the heads of the schools in which the boarding grant holders are studying in token of the fact that the pupils are on the rolls of the schools.

15. When the names of the boarding grant holders are struck off the rolls of the schools in which they are studying, the heads of the schools concerned should make a report to the Commissioner of Labour immediately. Similar report should be made by the managers of the boarding homes also when the boarding grant holders are away from the boarding homes for periods in excess of those permissible under the rules or leave the boarding homes.

16 The boarding grant sanctioned may, on the pupil's promotion to the next higher class, be renewed provided the pupil's progress and conduct have been satisfactory. Applications for renewal of boarding grants should be submitted in the prescribed form.

17. An acquittance in the printed form which will be supplied from this office, shall be returned by the manager of the boarding home from each of the pupils to whom the grants are disbursed. The acquittances so returned shall be sent to the heads of the schools in which the boarding grant holders are reading and shall be maintained there and produced at the time of the departmental and personal inspection of the institution and when required by the officers of the Labour Department.

18 In addition to Rs. above, boarding grants as shown below will also be sanctioned by the authorities mentioned against each to pupils of the communities eligible for help by the Labour Department specified therein:—

Serial number and particulars of the depressed classes.	Monthly rates of boarding grant.	Period for which available.	Sanctioning authority.

NOTE.—(a) Applications for these grants should be made to the authorities mentioned in column (4) and should reach them before 15th July 1941.

(b) Rules 4 and 6 to 16 above will apply to these boarding grants. For the words "Commissioner or Commissioner of Labour" appearing in those rules, "the Collector of the District Magistrate," as the case may be, should be substituted.

(c) When the pupils are actually maintained for more than two months the period may be raised.

(d) The rate of boarding grant to Vidyarayapatti Kavara pupils will be fixed on the basis of expenditure incurred in 1940-41 subject to a maximum of Rs. 8 per pupil per measem.
